## **ALLOWANCE**

### ***Continued Examination Under 37 CFR 1.114***

1. A request for continued examination under 37 CFR 1.114, including the fee set forth in 37 CFR 1.17(e), was filed in this application after final rejection. Since this application is eligible for continued examination under 37 CFR 1.114, and the fee set forth in 37 CFR 1.17(e) has been timely paid, the finality of the previous Office action has been withdrawn pursuant to 37 CFR 1.114. Applicant's submission filed on 7 August 2006 has been entered.

### ***Response to Amendment***

2. This action is responsive to the Request for Continued Examination and Amendment filed on 7 August 2006. Claims 1, 10, 11, 12 and 13 have been amended. Claims 14 and 15 have been previously withdrawn. Claims 1-14 were pending within the application.

### ***Election/Restrictions***

3. This application is in condition for allowance except for the presence of claims 15 and 16 directed to an invention non-elected without traverse. Accordingly, claims 15 and 16 have been cancelled.

#### **EXAMINER'S AMENDMENT**

4. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

The application has been amended as follows:

**Please cancel claims 15 and 16.**

#### ***Response to Arguments***

5. Applicant's arguments, filed 7 August 2006, with respect to claims 1-14 have been fully considered and are persuasive. The rejections/objections of claims 1-14 have been withdrawn. The examiner agrees that the cited prior art references fail to disclose or make obvious all of the claim limitations as amended within the amendment filed on 7 August 2006. The amendments have placed the claims in condition for allowance over the prior art.

#### ***Allowable Subject Matter***

6. Claims 1-14 allowed.

7. The following is an examiner's statement of reasons for allowance:

Art Unit: 2874

Referring to claims 1-9 and 14, the primary reason for the allowance of these claims is the inclusion of the limitation of the plurality of cores being twisted in only one direction. The prior art discloses the cores being twisted in a first direction and then a second direction, and therefore does not disclose or make obvious the cores being twisted in only one direction.

Referring to claim 10, the primary reason for the allowance of this claim is the inclusion of inside portions of the reinforcing pipe are chamfered which is not disclosed or made obvious by the prior art.

Referring to claim 11, the primary reason for the allowance of this claim is the inclusion of the reinforcing pipe are flared which is not disclosed or made obvious by the prior art.

Referring to claim 12, the primary reason for the allowance of this claim is the inclusion of the middle portion of the reinforcing pipe being tapered which is not disclosed or made obvious by the prior art.

Referring to claim 13, the primary reason for the allowance of this claim is the inclusion of the end of the twisted portion being polished which is not disclosed or made obvious by the prior art.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Art Unit: 2874
